

## ENVIRONMENTAL POLICY

### Introduction

Systematic Print Management Limited (The Company) is committed to meeting the needs of its clients and customers in an environmentally sound manner by seeking to minimise its environmental impact and acting on opportunities to generate environmental benefit.

The Company is committed to achieving continual improvement in its environmental performance and to achieving and maintaining certification to the International Environmental Standard ISO 14001.

Mr Chris Robey, as Managing Director, has overall responsibility for ensuring this policy is followed. All staff at the Company are encouraged to put forward any ideas or suggestions that would have a positive impact on the Company's environmental performance.

Chris Robey will ensure that this policy is implemented and reviewed on a regular basis.

This policy forms the framework for setting and reviewing environmental objectives.

### The Company has set the following objectives

- To achieve certification to the International Environmental Standard ISO 14001 and maintain this certification.
- To comply with relevant Environmental Statutory Regulations. In particular to use, handle, transport, store and dispose of potentially environmentally damaging materials within the appropriate legislation and codes of practice.
- To prevent pollution arising from its activities or services.
- To ensure all employees are made aware of this policy, environmental issues and their responsibilities, and are competent to meet those responsibilities through training, communication, sharing of expertise and monitoring of the Company's activities.
- To encourage an environmental awareness and responsibility in its clients and suppliers by example, instruction and dissemination of information.
- To maintain a strategy for external environmental communications including making this Policy publicly available.
